**Message from The President**

**DEAR ROTARIAS**

Its been just over a month since the Rotary year 22-23 started. There has not been any honeymoon period as the preparations for the year started well before the year began.

The period till now has gone into assuming office, implementing the programmes planned and also fixing timelines for various programmes. This period has also seen kick starting committee activities for various projects.

There has been some amazing times in project and fellowship events and have unveiled activities under most of the service avenues and in club activities. We have had several weekly meetings, first board meeting and valuable projects like student skill development programmes, projects under health and wellbeing like Pediatric Heart surgeries, Artificial Limb Project, Blood Donation Camp etc. The ongoing project under CSR activity for School Development is underway and we inaugurated two school building facilities in the first month and also assisted in providing school benches and other materials.

In the Coming months, we have more events coming up in all the service avenues and some fun filled club and family events. The major ones will be our event at NELE, Pediatric Heart surgeries, Women Empowerment, painting competition, installation of Rotract and Interact clubs, membership development and good speakers meet etc.

The First of the Six District-Club events- ICGF starts in the current month, this will be Club Service ICGF for bettering fellowship and bonding also knowledge sharing from good speakers. Its also time to register for these events. With a basket of programmes we hope to get packed coming months and look forward to all your participation. With a basket of programmes we hope to get packed coming months and look forward to all your participation.

**Rtn Ravishankar S**

President-22-23  
Date:14.8.22

**Rtn Venkatakrishna B and Ann Pallavi Scale Heights of Amarnath**

### How to Channelize one's Potential for the Welfare of the country

13th July 2022 – Once a soldier is always a soldier. There is no dearth of energy in a soldier; age does not matter to him. It's always the soldier who is the first competent to tell how to channelize one's potential for the welfare of the country. Colonel Hari in his immaculate style addressed the Rotarians on the subject. The occasion was apt for the Soldier to band the sergeant at arms of RBV.

### RBV President at Inner wheel Installation

Innerwheel sisters have been source of energy for all Rotary activities. President Rtn Ravishankar expressed the gratitude of Rotarians in the installation of Innerwheel team 2022-23.

### 1st Club Assembly held on 20th July

Attended by about 60 students, and other staff members in presence of 10 volunteers of CSR partner and many Rotarians led by the President himself.

**Let's go International :**

Good news for fellow(ship) Rotarians who are serious in Entrepreneurship, Camping, Kites, Vintage collectors and who are military veterans.... RI has announced a Rotary Fellowship for you.

**Message From the Editor**

NOTHING BUT THE TRUTH – The first convention of Rotary ended on 18th August 1911 in Chicago, USA. In August, 1912, the Board of Directors ordered audit of International Association of Rotary Club's finances. They suggested that 30th June as END of fiscal year, which was approved in August 1913. Since then, June 30th officially has become Rotary year end, and transition happens on 1st of July. It's beginning of new hopes and new challenges. Transition involves some evaluation of the past with essence of evolution for the future. RBV has shown exemplary spirit in understanding and admitting the errors committed before the transition and following the right path in days to come. Resignation of a seasoned Rotarian with a reason to align with another club, has burgeoned healthy suggestions in RBV. Membership in Rotary has been immobilized for several years now. This Transition month has kick-started with three inductions in RBV. More quality members needed to strengthen club and RI.

Bills Gates, remembered by Rotarians for his foundation work more than anything else, has singularly remembered ROTARY for its restless work to eradicate polio, in his speech at National press club, Canberra Australia. Not to forget, one more polio case in NY, USA too, after one UK. Fight is still on.

**Interact Club of Sarvajna School Installed**

August 11, Interact club of Sarvajna School was installed in the presence of President Rtn. Ravi Shankar S and CSD Rtn. Bhimsen G V
